SECTION 2 - Composition/Information on Ingredients

Silk Powder

SECTION 3 - Hazards Identification

Chronic: Not listed as a carcinogen by IARC, NTP, Z List or OSHA

Europe (EU) Hazard Classification: This material is not defined as a dangerous substance regarding EU directive

67/548/EEC and its various amendments and adaptations.

Eyes: Over exposure may cause irritation to eyes

Lungs: Persons with pre-existing respiratory conditions such as asthma or skin conditions such as dermatitis may be

at greater risk from prolonged exposure.

SECTION 4 - First Aid Measures

Eye Contact: Flush eyes with water until irritation subsides.

Ingestion: If ingested in large quantities seek medical attention immediately. Do not induce vomiting.

Inhalation: Remove to fresh air. If breathing is difficult seek medical attention immediately.

SECTION 5 - Fire-Fighting Measures

Flash Point: Not Applicable.

Explosion Hazard: Not a fire or explosion hazard.

Extinguishing Media: The product is not flammable. Use extinguishing methods appropriate for surrounding fire. **Special Measures:** Fire-fighters should wear protective clothing and approved self-contained breathing apparatus.

Hazards: Avoid inhalation of fumes.

SECTION 6 - Accidental Release Measures

Precautions: Do not inhale dust, ventilate closed spaces before entering.

Methods For Cleaning Up: Use appropriate NIOHS/MHSA approved respirator. Scoop up excess powder into a suitable container to avoid dusting. Remove balance using absorbent cloths. Rinse spill area.

Environment Precautions: Non hazardous waste. Dispose of product residues according to the waste disposal guidelines 2008/98/EC as well as according to official national and local regulations.

SECTION 7 - Handling And Storage

Precautions In Handling: Good hygiene practices should be employed. Wash hands thoroughly before and after handling. Avoid breathing dust, wear appropriate dust mask and eye protection.

Storage Conditions: Store in a tightly closed container in a cool dry room avoiding direct exposure to light.

SECTION 8 - Exposure Controls / Personal Protection

Precautions: Use in a well ventilated area to control dust exposure to applicable limits.

Respiratory Protection: Use an approved dust mask or respirator to protect from dust inhalation if exposed to dust

concentrations of more than 10 mg/m3.

Eye & Hand Protection: Safety glassses with side shields or goggles and protective gloves.

SECTION 9 - Physical And Chemical Properties

Odour: Free from odour. **Appearance:** White Powder

Chemical Properties: For full composition refer to Technical Data Sheets.

SECTION 10 - Stability And Reactivity

Chemical Stability: Stable.

Conditions to avoid: Open flames and sparks, extreme heat, oxidising materials.

Hazardous Polymerisation: Will not occur.

SECTION 11 - Toxicological Information

Skin Irritation: Non-irritant. Eye Irritation: Non-irritant.

Acute Oral Toxiciity: Non-toxic in small doses

SECTION 12 - Ecological Information

Non hazardous waste, essentially not harmful to the environment.

SECTION 13 - Disposal Considerations

Dispose of according to local and national regulations. Prevent material from contaminating soil or entering sewerage and drainage systems.

SECTION 14 - Transport Regulations

Not regulated. Considered non hazardous for transportation by land, sea or air.

SECTION 15 - Regulatory Information

This cosmetic powder is compliant with Regulation (EC) No.1223/2009 (Annex IV)

SECTION 16 - Other Information

*All the information contained in this document is to the best of this company's knowledge true and accurate.

The user must determine from the information provided herein as to the suitability of this product in relation to their own particular use.

This MSDS is electronically generated and is therefore valid without a signature
